# Healthy, Beautiful Skin

Upon your first visit we will analyze your skin and design a customized treatment for your needs. Listed below are a few of the services offered. Please call today to schedule an appointment. Your first consultation is free!

## Services Offered

### Blueberry Smoothie

A refreshing, antioxidant peel that uses a gentle acid and active blueberry extracts to exfoliate the skin without irritation. 75+

### Benefit Peel

The best all-around peel available for hyper-pigmentation, aging or acne prone skin. Benefit Peel is even gentle enough for rosacea patients. \$125

### Purity Peel

This detoxifying, deep epidermal peel calms the skin while diminishing the appearance of blemishes, leaving you with a glowing complexion. \$130

### Blueberry Jessner

This peel works to clarify blemish prone skin and reduce the look of fine lines and wrinkles with less downtime and discomfort than traditional peels. \$125+

### Timeless Peel

This tremendously effective peel is the best choice to dramatically reduce signs of aging. It works to encourage healthy cell growth and will leave you with age-defying results. \$200+

### Pomegranate Peel

This peel works to even out the top layers of the skin and stimulate collagen while potent antioxidants prevent radical damage. \$50+

### Microdermabrasion

This traditional skin therapy uses aluminum oxide crystals to remove the uppermost layer of dead tissue from the skin. This exfoliating treatment can instantly brighten skin tones and is helpful for those unhappy with acne scarring, sun-damaged skin, age spots, freckles, stretch marks, fine lines, and rough skin. Treatments at regular intervals can yield dramatic results. \$75+

### Epidermal Leveling

This method of manual exfoliation removes dead skin cells and vellus facial hair to smooth and brighten, leaving you with younger, healthier looking skin. Taken in a series, it can also effectively lessen fine lines and wrinkles. \$60+

### MicroPeel

A three-step process that removes the thin, pore-clogged top layer of the skin. What's left is smooth, clean, and refreshed skin without blackheads, sun damage, or oil. \$75+

## Results Rx Peels

### Bene-factor Peel

This non-wounding resurfacing treatment stimulates skin renewal, leaving you with a healthy, luminous complexion. It softens, exfoliates and stimulates while also repairing damaged skin. \$150

### D-Tox Peel

A moderate depth, medical-strength, exfoliating peel that is excellent for all grades of acne and impure skin conditions. \$150

### Timeless Rx Peel

A safe and effective overnight peel that stimulates cell turnover and protein synthesis resulting in smoother, beautifully hydrated skin. Works especially well for treating acne, photodamage, fine lines and wrinkles. \$150

## Thermage

**Face by Thermage** is a procedure that can turn back the clock allowing you to have a naturally younger looking appearance without any surgery, infections and little to no down time. Thermage will actually rejuvenate your existing collagen, stimulating new collagen growth leaving you with smoother, tighter skin.

**Face by Thermage** procedure helps to smooth, tighten and contour facial skin, softening wrinkles around the mouth, eyes and forehead, giving you improved skin texture and reducing the sagging of your skin. Thermage also affects deep beneath the skin surface, helping to redefine your jawline and reduce excess skin under the chin - all in a single treatment.

## What is a Peel?

A peel rejuvenates the skin leaving you with younger, smoother, healthier looking skin. It helps to promote cell growth and can effectively decrease fine lines and wrinkles.

### What skin conditions can peels treat?

- Aging Skin
- Skin Discoloration
- Pigmentation
- Sun Spots
- Acne Scarring
- Wrinkles

### How are peels performed?

Peels can be performed in a wide range of intensities and depths. Your skin care professional will analyze your skin to determine which kind of peel will be best for you.
